

YWAM Targu Mures

Romania

We would like to welcome you to a new, exciting chapter in the history of YWAM Targu Mures, Romania. As you may know, over the past year we have been praying for God to give us a new and permanent location for our base. On February 24th, 2010, God answered our prayers and we moved to a new location! We are excited about the possibilities and ministry that will come from this incredible change. The DTS that is currently in session now has its own space, free of interruptions from busy staff members. Many of the staff members have moved into the base as well. Praise God for this amazing blessing!

"Sitting in the new building I find myself amazed with the changes God has brought to our YWAM Base. God opened a wonderful door for us to "occupy the building" while we are fund raising. We thought it would be a long time before we could use the building but we are having meetings and starting new ministries this month! It has been a lot of work to get in, but God has provided many helping hands for the move. Thank you to everyone

who has partnered with us, we are truly blessed."
-Jerry Busch,
Base Leader

DTS

Discipleship Training School

We are in the 5th week of the DTS and so far we have had great teaching about: relationships, nature and character of God, Holy Spirit and a week of short outreach in Sighisoara and the surrounding villages. It is amazing to see how God is speaking to us. The students are growing in their faith and it is so great to see them interacting during the teaching. We are excited to see what God has for us in the coming months.

SOW

School of Worship

We have a School of Worship starting on September 27th. Here is our school leader telling of his SOW experience:

"My name is Florin Mereu, I did my SOW in 2008 in Targu Mures. I thought I knew many things about worship before I came here. My SOW was such an incredible eye opening experience. It opened my eyes to a whole new world that I never knew existed. It took me into a place where there was nothing else but me in front of the very throne of God with no other response to His presence but WORSHIP."

Outreaches

South Africa

South Africa is the hosting nation for the 2010 FIFA World Cup. YWAM feels that this is too great an opportunity to miss and has come together to form a country-wide outreach during this event. *Acacia Mpofo*, our staff member who lived in South Africa, is organizing a team to take part in this incredible event. He will lead a team of Romanians in intercession, worship, and street outreaches while in South Africa. The dates are June 6th-26th.

Ghana

Since the beginning of this year we have had a picture that God gave us about going to Africa for our outreach. We prayed diligently and finally Ghana was shown to us as the place that God wanted us to go and minister. Our heart is to love and serve in Ghana. There are many opportunities for us to serve in Ghana. Doing street evangelism, Mercy Ministry, helping in construction, visiting orphan homes and reaching out to the poor people are a few of them. The dates are from May 31st to July 17th.

Prayer Requests

- That more financial partners would join us in our vision for our new building.
- Protection and financial blessing for our band as we travel and play at events over the next few months.
- Favor for the DTS's Visas, God's protection and guidance for the trip, and His provision and wisdom.
- Favor and breakthrough for the South Africa team while they prepare and as they minister in South Africa.

1 Corinthians 13:1-3, The Way of Love

Love. We need love. We need to have love, to be loved. You could give thousands of dollars to missionaries, but do it with a bad attitude and what would be the point? You may have the task of scrubbing paint from a wood floor, but if you do it without love then you're nothing more than an employee. God isn't looking for employees, He desires people like Mother Teresa, who do "small things with great love."
